

How to say **hello** to a dog safely

When dogs are busy enjoying being out and about, it is best to give them space. However, if you do wish to say hello to a dog, use our **3 Cs** to keep everyone safe.

Always **CHECK** with the owner to make sure it's OK to greet their dog.

1. CHECK

2. CALL

CALL the dog to you by patting your legs and saying their name, or a friendly 'hello'.

If the dog chooses to come over, stroke them on the shoulder nearest to you. **COUNT up to 3 strokes**, then stop and let them carry on enjoying their day.

3. COUNT

REMEMBER

a dog can change their mind at any point, so respect their choice to keep you both happy and safe.
